## **Telelogic receives large order from European space company**

**MALMÖ, Sweden, December 22, 2000** – Telelogic AB (Stockholm Stock Exchange: TLOG), the world-leading supplier of solutions for real-time software development, configuration management and requirements management, today announced an order worth approximately 8.2 MSEK (\$0.9 million) from a leading European space company. The deal includes DOORS licenses that will be rented over a three year period, maintenance and services. The deal also includes an option for future licenses worth approximately 5.5 MSEK (\$0.5 million). The software will be used in several countries in Europe.

"The space industry faces similar challenges to the communication industry. Our solutions suit their needs very well and we look forward to similar agreements in the future.", says Anders Lidbeck, President and CEO for Telelogic.

### **About Telelogic**

Telelogic is established in thirteen countries under its own name, and a further 20 countries through distributors. It leads the market in development environments for advanced software, especially in real-time applications. By offering high quality graphical development tools and related services, Telelogic makes the development of software more rapid, less labor intensive, and more reliable.

The company has a global client base, including all the top 10 communication suppliers such as Alcatel, Cisco, Ericsson, Hewlett-Packard, Lucent, Motorola, NEC, Nokia, Nortel Networks and Siemens, as well as a number of leading suppliers within automotive and aerospace.

The software market is moving towards more visual programming methods, and Telelogic leads in the production of the next generation of development tools in this area. Telelogic is well prepared to deliver rapid and complete solutions for the complex challenges faced by the real-time industry.
