Comments from CEO:

"We are happy to report a strong operating cash flow and increasing operating margins in the prevailing economy. This proves that our savings programs work according to plan. The efficiency improvements and cost cuts will ensure satisfactory levels of profit, even if volumes would continue to be low, and will have a good impact when the markets improve." **Sven Kristensson, CEO.**

Report on Review of Interim Financial Information

Introduction

We have reviewed the accompanying interim report of Nederman Holding AB as of 30 September 2009 and the nine-month period then ended. The Board of Directors and the CEO are responsible for the preparation and presentation of this interim report in accordance with IAS 34 and the Annual Accounts Act. Our responsibility is to express a conclusion on this interim report based on our review.

Scope of Review

We conducted our review in accordance with Standard on Review Engagements (SÖG) 2410 Review of Interim Financial Information Performed by the Independent Auditor of the Entity. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Swedish Standards on Auditing RS and other generally accepted auditing standards in Sweden and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim report is not prepared, in all material respects, for the Group in accordance with IAS 34 and the Annual Accounts Act and for the Parent company in accordance with the Annual Accounts Act.
