

PRESS RELEASE - Söderköping, April 2010

HTC Greyline™ takes floor grinding to new levels

On 19th of April 2010 during Bauma in Munich HTC's new floor grinding series HTC Greyline™ was launched. HTC Greyline™ with its excellent performance and quality combined with extremely competitive prices are believed to become new best sellers and an important part in HTC's continued development. HTC Greyline™ is since the launch available for anyone grinding floors around the world.

HTC Greyline™ consists today of four different floor grinders, two vacuum cleaners and specially designed diamond tools for removal of floor coverings and leveling of concrete floors. The series smallest machine, HTC Greyline™ 270 with a grinding width of 270 mm, can also be equipped with an accessory kit which turns the machine into an efficient edge grinder in just minutes. Overall, the machines are powerful and sturdy with many technical details unique to HTC Greyline™.

HTC has for more than 20 years been the world leaders in the development of floor grinders and diamond tools for floors and that experience and knowledge has now been passed over to HTC Greyline™.

HTC Greyline™ is perfectly suited for construction, floor prep, demolition and rental companies but will also give completely new customer segments the possibility to work with machines from HTC.
