**Cario** provides services in the areas of healthcare, diagnostics and elderly care. Customers are mainly county councils, municipalities and companies. Cario's care units, which have contracts with county councils and municipalities, offer their patients care services on identical conditions to those found in the public sector, in terms of fees and

queue systems. Capiro, which has annual net revenues of SEK 3.6 billion, is listed on the “O” List of the Stockholmsbörsen.
