### About Aerocrine

Aerocrine AB (publ.) is a medical technology company focused on the improved management and care of patients with inflammatory airway diseases. The pioneer and leader in the technology to monitor and manage airway inflammation, Aerocrine markets NIOX MINO® and NIOX® Flex. Both products enable the fast and reliable measurement of airway inflammation and may thus play a critical role in more effective diagnosis, treatment and follow-up of patients with inflammatory airway diseases such as asthma. Aerocrine is based in Sweden with subsidiaries in the US, Germany and the UK. Aerocrine shares were listed on the Stockholm Stock Exchange on 15 June 2007.

Aerocrine is required to disclose the information provided herein pursuant to the Financial Instruments Trading Act. The information was submitted for publication at 08:00 am on November 30, 2010.
