Boss Media To Develop Casino for Established Online Casino Operator

Vaxjö, Sweden - June 21 2001

Boss Media has signed a license agreement to develop an Internet casino for Casino.Net Ltd., an established online casino operator that has been in operation since 1998.

“We want to offer our online casino guests the best software possible, so Boss Media was the natural choice,” says the management of Casino.Net Ltd.

“We are very pleased that Casino.Net selected Boss Media. Our companies will cooperate well together to create a successful Internet casino," says Johan Sigvardsson, Boss Media's president and chief executive officer.

The casino is scheduled to go live on the Internet this autumn. The software for the new Internet casino will be based on Boss Media's acclaimed multi-player software platform.

*The **Boss Media Group (publ)** is a leading provider of turnkey solutions for casino operations on the Internet. Potential licensees are offered a customized client-server system, an integrated payment system and the maintenance and administration services necessary for the daily operation of an Internet casino.*
