

1st April 2011

I have recently been appointed to handle the PR and Advertising for LEC Commercial - part of Glen Dimplex Professional Appliances – and will commence immediately.

As this may be relevant to your journal – the company manufactures and supplies Burco Boilers, LEC refrigeration and bottle coolers for commercial establishments - I would be grateful if you could assist by returning your Features list ASAP your. Alternatively, you may fax to 0161 969 6813.

I look forward to dealing with you in the near future.

Kind regards

Julie A. Watson
