## **SIMPLY BLACK BRINGS ‘WOW’ TO THE BATHROOM**

Beautiful black is back, thanks to the leading British manufacturer of bathroom products for the discerning – Imperial Bathrooms. Whether it’s used to add contrast or create a stunning focal point in a minimalist white bathroom, or even mixed with the glamour of reds and golds, the new **Simply Black Collection** offers a bold and luxurious style statement for any bathroom, large or small.

As well as boasting sumptuous UK manufactured hand-crafted ceramic sanitaryware in a stunning deep black glaze, the Simply Black Collection successfully fuses timeless design with modern drama by incorporating three of Imperial’s internationally acclaimed designs - Astoria Deco, Drift and Etoile. These serve to provide an extensive array of handcrafted pieces that will create the elusive ‘wow’ factor.

A range of classic and timeless basins are available in a variety of sizes, and for added design versatility, these may be combined with a pedestal or one of the company’s stunning black or chrome basin stands to create an elegant showpiece. Such design extravagance even extends to the smallest room in the house with a range of cloakroom basin options also available, whilst complementary brassware provides the perfect finishing touches.

Also available are a range of bidets, pans and cisterns in close coupled, low, high level and wall hung options, complete with co-ordinating seat and lever. A luxurious white roll-top cast-iron bath from the Imperial range provides the ultimate contrast to this striking black ceramic sanitaryware and creates added design extravagance.

Covering classic and timeless design styles, Imperial Bathrooms' products are manufactured by skilled specialists and are hand-finished to exacting standards that set the benchmark for quality throughout the bathroom industry worldwide. The company offers a comprehensive range of sanitaryware, baths, showers, handcrafted furniture, accessories and fittings.
