NCC receives order worth SEK 100 million for delivery of liquid asphalt to Poland

NCC has been commissioned by Herman Kirchner GmbH of Germany to deliver at least 350,000 tons of liquid asphalt in Poland. The order is worth approximately SEK 100 million.

Delivery of the asphalt will commence in May 2002 and be concluded in July 2003.

“It is gratifying that our focus on selected submarkets is yielding results. It is also positive that we can undertake this assignment without the need for supplementary investments – in other words, we can use our existing production plants,” says Tomas Carlsson, NCC Industry New Markets.
