

7 March 2003

Jacques Lafay, Steria Transports Sales Manager has been appointed President of PROAVIA.

PROAVIA, the official Trade Association which groups together 40 French companies leaders in the field of Airport & Air Traffic control equipment and services recently appointed :

Jacques LAFAY (STERIA) as President, Emmanuel BARTOUX (SEEE) as Vice-President, Rafi KRIKORIAN (SIDES) as Treasurer and Philippe VADON (CORIS) as Secretary General.

Marie Carru has been confirmed as General Delegate.

Created in 1976 by engineers of the Technical Service for Air Navigation of the French DGAC, together with several major French companies, PROAVIA's main objectives are :

- To assist airport managers and international civil aviation organisations to source in France the equipment and services which meet their specific requirements.
- To initiate international business contacts by participating in specialised exhibitions and symposium.
- To gather technical and commercial information concerning international airport projects for its members

To learn more about Proavia, our Web Site www.proavia.com will give you concise information on the members and a new version of the catalogue is available on request (info@proavia.com).

On the occasion of the Paris Airshow, from June 15th to 22 nd, PROAVIA will be delighted to welcome you on its booth (Stand E6, hall 2B)
