# Telelogic Signs €640 k License Agreement with NEC Technologies (UK) Ltd

**MALMÖ, Sweden – December 29, 2003** – Telelogic (Stockholm Exchange/TLOG), the leading global provider of solutions for advanced systems and software development today announced that it has signed a three year license agreement worth €640 k with NEC Technologies (UK) Ltd. NEC Technologies (UK) Ltd. is part of NEC Corporation (NASDAQ: NIPNY) (FTSE: 6701q.l) and concentrates on software development for mobile phone products. Through the agreement, NEC Technologies' European operations will get access to licenses and maintenance for Telelogic TAU development and testing tools for a three year period. A limited number of days of professional services are also included.

"NEC Technologies (UK) Ltd has been using our TAU tools for a number of years. The decision to continue to invest in the tools for a three-year period is of course very positive and further adds to the list of satisfied customers that recently have signed longer-term contracts with us," said Anders Lidbeck, President and CEO for Telelogic.

### About Telelogic

Founded in 1983, Telelogic® is a leading global provider of solutions for advanced systems and software development. Telelogic's intuitive, best-in-class software tools automate and support best practices throughout the application development lifecycle, leaving development teams free to concentrate on core competencies and apply their skills and energy to value-added tasks. By optimizing each phase of development, Telelogic enables companies to deliver higher quality systems and software with greater predictability, reduced time-to-market and lower overall costs.

To ensure interoperability with third-party tools, Telelogic's products are built on an open architecture and standardized languages. As an industry leader and technology visionary, Telelogic is actively involved in shaping the future of advanced systems and software development by participating in industry organizations like ETSI, INCOSE, ITU-T, OMG and others.
