NeoNet Expands Integrated Execution Capabilities

NeoNet, an international agency broker providing efficient electronic equity execution services for the institutional investor industry, today announced that it now offers execution on the Lisbon exchange (Euronext Lisbon) via NeoNet's exchange membership with Euronext. NeoNet has also expanded its trading capabilities on the New York Stock Exchange and American Stock Exchange through integration to the NeoNet system.

This means that clients will have integrated and transparent trading access on 15 exchanges. In addition to Lisbon, clients can trade through NeoNet's exchange membership on the exchanges in London, Frankfurt, Paris, Amsterdam, Brussels, Milan, virt-x, Stockholm, Helsinki, Copenhagen and Oslo. Additionally, NeoNet can offer trading via electronic connections on the New York Stock Exchange, AMEX and Nasdaq.

"Through the addition of Lisbon and the American marketplaces we have further expanded our clients' possibility to trade cross-border," said Staffan Persson, acting CEO of NeoNet. "We offer our clients a very powerful equity execution service with the ability to consolidate national and international trading on European and American exchanges."
