

Dan Olofsson converts Series A shares to Series B shares in Sigma AB (publ)

Dan Olofsson has converted 3,647,004 Series A shares in Sigma AB to Series B shares. After the conversion, Dan Olofsson owns through companies 394,500 Series A shares and 17,649,718 Series B shares that combined represent 48.4% of the capital and 49.9% of the votes in Sigma.

The conversion was made to facilitate application of the so-called Lex Asea legislation in the demerger of the Sigma Group into three companies that is proposed by the Board.
