Gambro is a global medical technology and healthcare company with leading positions in renal care - services and products - and blood component technology (BCT). Gambro is one of the leading providers of kidney dialysis services in the world. Gambro treats about 43,200 patients in 581 clinics worldwide. Renal care products comprise dialyzers, dialysis machines, blood lines and dialysis concentrates. BCT includes products for the separation and handling of blood components. The group, with revenue of approximately SEK 18 billion (USD 2.2 billion), has approximately 17,000 employees in some 40 countries.
