

Net Insight strengthens its management team
Birgitta Hedblom appointed new Human Resource Manager

Network company Net Insight has appointed Birgitta Hedblom Human Resource Manager and member of the company's management team.

“To meet the future requirements for well trained and highly motivated employees, we are strengthening our Human Resource department and we are very pleased to have added Birgitta Hedblom to our team and to benefit from her vast experience,” says Bengt Olsson, Net Insight's CEO.

Birgitta Hedblom has previously held several leading positions within Human Resources at Hewlett-Packard. During the past twelve months, she has worked as a consultant to a number of major companies, advising them on personnel development.
