At the same time the company's share capital is reduced by SEK 140,587.06 and the company's share premium reserve is reduced by SEK 590,325,064.94. The execution of the resolutions by the General Meeting on the decrease of the Company's share capital through redemption of the newly issued shares of series C and the reduction of the share premium reserve requires court approval in accordance with the provisions of the Swedish Companies' Act. Such approval has now been obtained and the decisions have been registered by the Swedish Companies Registration Office.
