

## Press release

# Framfab opens new office in Uppsala

**Stockholm, November 25, 1999 --- In order to better attract competent talent from the Uppsala region, Framfab now opens its 16:th office in Sweden. The new office will expand with about 40 people during the year to come.**

Framfab continues its strategy of expanding in Sweden's university towns. Last August Framfab opened an office in Linköping that already employs 35. The turn has now come to Uppsala.

“Uppsala has a concentration of people carrying specialist knowledge in the areas of strategy, technology and communications. This, together with a number of larger companies and the proximity to Stockholm makes Uppsala a great place to establish a new office”, says Branch Director, Pär Fack.
