INTERNET-CD DELIVERED ALREADY TONIGHT

Everyone living in the Southwest Swedish province Skåne can order CD-record's from the Internet store CDON and have them delivered the same night, together with grocery's. This is possible through an unique cooperation with Matomera, Sweden's first and biggest real grocery store on the Internet.

CD-record's ordered before 11 AM can be delivered the same evening to customers at www.matomera.se, which is owned by Bergendahls, on of the big players in the daily grocery business in Sweden after ICA, KF and D-gruppen.

The customers can choose from a special top list for the fast delivery. CDON can also deliver other CD-record's from a library of close to 100.000 titles. But then delivery will take a little bit longer.
