Anoto Group AB signs contract worth approximately 13 MSEK within C Technologies

Anoto Group AB's application area C Technologies has signed a significant contract with a Chinese company. The value of the contract is approximately 13 MSEK during 2007.

The contract includes 100 000 modules of Anoto's C-Pen Scan technology. Deliveries will start in December 2006 and are estimated to be completed by October 2007.

" Besides increased focus on Forms Solutions, Anoto's new strategy also means increased sales efforts in order to boost sales for C Technologies' products. The fact that we have already managed to get a new, big order supports our view of the significant potential there is in this area," says Anders Norling, CEO of Anoto Group AB.
