BIOVITRUM IN SHORT

Biovitrum is one of the largest biopharma companies in Europe. With operations in Sweden and in the UK Biovitrum conducts research and develops pharmaceuticals for unmet medical needs both for common diseases and conditions that affect smaller patient populations. Biovitrum focuses on drugs for the treatment of obesity, diabetes, inflammation and blood diseases as well as a number of well defined niche indications. Biovitrum develops and produces protein-based drugs on a contractual basis and markets a range of specialist pharmaceuticals primarily in the Nordic countries. Biovitrum has revenues of approximately USD 119 million and approximately 550 employees. Biovitrum is listed on the Stockholm Stock Exchange since September 15, 2006.
