

Sigma signs a new framework agreement with a large international retailing company.

A new framework agreement has just been signed between Sigma and a large, international company in the retail business sector. The agreement is valued at MSEK 250 over the next to years.

Sigma is continuing a close cooperation with a large international retailing company and is signing a new two-year framework agreement. The agreement covers IT consulting services and provides the customer with the opportunity to request a spectrum of services within department store systems, logistics, inventory systems, complex e-business systems, decision support, document management and training.

The agreement also includes administrative responsibility for a number of business-critical systems. The work with the assignment is in line with Sigma's strategy and is yet further proof that this working method fulfills a major customer need.

The value of the assignment is estimated at MSEK 250 over a two-year period.

- We have been working with this customer for many years and experience the cooperation as being highly rewarding and stimulating. We are now looking forward to a continued cooperation during the next few years, says Key Account Manager Jan Funkquist.
