

SAS made a successful bid for the air transportation for the Norwegian state

SAS and its partners have made a successful bid for the total air transport volume for the Norwegian State that includes the entire Norwegian public administration. This applies both to Norwegian domestic and to international flights. The agreement is for one year with a one year renewal for the State and will be effective as of April 1, 1998 . It represents an annual turnover in excess of 500 million NOK for SAS. The agreement constitutes a continuation of SAS's co-operation with the Norwegian public administration.
