11th August 2000

To offer the potential to purchase a good selection of specified, quality items at a competitive price Avesta Sheffield launches

Online auctions from Billing Stainless – - www.billingstainless.com

A new online material auction and stock service will be launched on Monday 14th August 2000, by Billing Stainless, which markets the prime surplus and non-prime products of stainless steel producer Avesta Sheffield.

The site offers a broad range of information to both existing and new customers. It provides a smart stock search facility for existing customers plus an online auction of stock 'lots' for other registered buyers. Stock lots will be offered in economical loads for straightforward transportation to any destination in the world.

Each auction will run for a specified number of days to give buyers the time to consider the material on offer; buyers will be asked to make 'sealed' bids against specific lots.

Full details of the terms and conditions and how to register to bid, can be found on the web site – **www.billingstainless.com**, which can also be accessed via **www.avestasheffield.com**.

Alternatively you can contact Billing Stainless direct on: +44 (0)114 261 4620.
