New members of NeoNet's board: Thord Wilkne and Mats Sundström

NeoNet offers institutional investors and broker-dealers efficient, secure and anonymous electronic trading access to multiple securities markets. NeoNet is focusing on execution through its Electronic Execution Network. NeoNet is the executing broker and clearing partner for all trades on all supported markets. By providing flexible, scalable and user-friendly solutions we help our clients improve their performance and level of service.

The board of NeoNet is now reinforced with Thord and Mats Sundström. Thord Wilkne is chairman and co-founder of Swedish IT-supplier WM-data AB, a leading Nordic supplier of IT-related services. Mats Sundström is chairman of Swedish Enlight Interactive AB. Both WM-data and Enlight Interactive are listed on the Stockholm Stock Exchange.

- I am happy to have the possibility to reinforce our board with two persons who have both technical knowledge and experience of growth companies as well as quoted companies. NeoNet is well positioned for a challenging future with great possibilities, says Staffan Persson, chairman of the board of NeoNet AB.
- By using the fast development of technology NeoNet takes an active part in the ongoing change of the financial market. It is exciting to be part of the future expansion of NeoNet, says Thord Wilkne.
- The changes in the structures of the previously national exchanges are highly topical. One of NeoNet's advantages is the ability to adapt and the independence from the structure of any market place. It will be interesting to participate in the development of a company where the customer benefit is so apparent, says Mats Sundström.
