Elanders AB (publ)

Elanders has a global LOI with Gambro

Elanders has signed a Letter of Intent with Gambro aimed at making Elanders their global supplier of so-called logo branded stationary and general marketing printing.

Elanders will implement rational Internet-based solutions in close cooperation with Gambro in order to reduce administrative costs and produce documents and printed matter more efficiently.

Elanders Skogs Grafiska AB, which is included in the business area Infologistics, has been given primary responsibility for the assignment. Through a joint project team with Gambro the company will work on an implementation to all of Gambro's production operations worldwide. The goal is to conclude this process before the end of 2000.

The value of the contract is estimated at MSEK 75 over a two-year period. The contract with Gambro comprises major parts of our Master Vendor concept and puts high demands on their information logistics around the world.

Gambro is a global company in the medical technique and healthcare sector. It has a leading position the fields of kidney treatment – products and care – and blood component technology. Gambro Healthcare is a world leader in dialyse treatment for kidney disease with approximately 45,500 patients in 600 clinics all over the world. Gambro Renal Products mainly handles dialyse machines and filters, blood tubes and dialyse concentrate. Gambro BCT comprises products used in the donation, separation and treatment of blood components. The Group has a turnover of approximately 20 billion Swedish crowns and approximately 18,000 employees in more than 40 countries.
