

Net asset value 2000-11-30

The net asset value of the Custos share on November 30, 2000, was SEK 296 per share¹⁾, assuming that the synthetically repurchased shares²⁾, as provided by a mandat from the Annual General Meeting on April 5, 2000, have been redeemed. On November 30, 2000, Custos' discount to net asset value was 12 percent. Net asset value per share is calculated on the basis of 24,429,280 Custos shares.

Information on current net asset value is announced every Friday or on the following banking day.

Stockholm, December 4, 2000

AKTIEBOLAGET CUSTOS (publ)

Christer Gardell

Chief Executive Officer

1. Acando is revalued to SEK 14 per share in the net asset valuation from November 30, 2000.

After a build-up phase the Internet/e-Business consulting company Acando will during quarter 4 and forward show profitability. Considering this, Custos has valued its holding in Acando according to EVCA's (European Venture Capital Association) guidelines when calculating the net asset value. Earlier Custos' holding was valued at acquisition

cost, SEK 3 per Custos share, but effective from November 30, 2000, Acando has a value of SEK 14 per share when calculating the net asset value.

2. The number of synthetically repurchased shares was 3,329,523 shares at November 30, 2000.
