Stockholm, 3 February 2010

New fund names at Carnegie Fonder

Carnegie Fonder, formerly HQ Fonder, offers a broad range of funds with a principal emphasis on Swedish equity funds, emerging markets funds and fixed-income funds. These funds have all used the prefix HQ in their name, such as the HQ Strategifond. As a natural consequence of the company's name having already been changed to Carnegie Fonder, we are now changing the names of the funds to instead use Carnegie as the prefix, such as for the Carnegie Strategifond.

Below is a list of the funds that are now changing name. The names of funds that are registered in Luxembourg will be changed soon, once approval is given by the local authorities.

Funds with new names:
