## **AerotechTelub receives order worth SEK 72M from the Defence Materiel Administration**

**AerotechTelub and IG JAS (The Industry Group JAS) have received an order worth SEK 72 million from the Defence Materiel Administration for type-specific maintenance equipment for the JAS39 Gripen aircraft. The equipment is intended for service platoons, turnaround troops and the Swedish Armed Forces' aircraft workshops in Luleå. The equipment will be successively delivered during a period of two years.**

The maintenance equipment is ordered for the 7th and 8th JAS squadrons. This order means that AerotechTelub has received an order for a basic package of maintenance equipment for all the JAS squadrons which, with the present focus in the Swedish JAS programme, are 8 squadrons.

*AerotechTelub is a service company which offers qualified technical services, maintenance and customer-adapted system solutions within information technology, electronics and aviation technology for the military and civil defence, government departments and public authorities as well as selected sectors of trade and industry.*

*AerotechTelub is a company within the Saab-group, one of the world's leading high-technology companies, with its main operations focusing on defence, aviation and space. The group covers a broad spectrum of competence and capability in systems integration.*
