## Saab receives missile order

Defence and security company Saab has received an order for missile components amounting to SEK 175 million. Deliveries will take place during the period 2013 to 2019.

Saab has a broad portfolio of products and solutions including the RBS 70, RBS 70 NG, NLAW and RBS 15 missile systems. In addition, Saab is also participating in a number of multinational cooperation missile development programmes.

“This order is yet another acknowledgement of our broad competence and expertise within missiles and we will continue to develop and refine our products and systems in this area,” says Görgen Johansson, Head of Saab’s business area Dynamics.

The industry’s nature is such that depending on circumstances concerning the product and customer, information regarding the customer will not be announced.

*Saab serves the global market with world-leading products, services and solutions ranging from military defence to civil security. Saab has operations and employees on all continents and constantly develops, adopts and improves new technology to meet customers’ changing needs.*
