

## Saab receives order for Multispectral Camouflage Systems

Defence and security company Saab has been awarded a contract for Multispectral Static Camouflage Nets from Canadian Department of National Defence (DND). The order amounts to MSEK 54 with the right to exercise several options with for potential additional orders of MSEK 44 over 5 years.

"Saab has an unrivalled leading position in the world within Signature Management technology. We continue to attract and retain new and existing customers around the globe," says Anders Wiman, Managing Director for Saab Barracuda

Saab Barracuda's advanced Camouflage technology products have been exported to more than 50 countries. Saab offers a unique package of camouflage systems and force protection solutions with the purpose to decrease the enemy's ability to detect and engage. These solutions protect camps, vehicles and personnel against hostile sensors and enemy target acquisition.
