Saab Dynamics has received order from Denmark

Today Saab AB and Computer Sciences Corporation (CSC) announced that they are forming an IT strategic partnership.

Saab Dynamics has received an order from the Danish Air Materiel Command for upgrading of HeliTOW systems on the Danish Army's Fennec anti-tank helicopters. The order value is about DKK 200 million.

Upgrades and modifications of the Saab HeliTOW systems will take the helicopters and its sighting systems to full day-and-night capability. The helicopters will also be equipped with an eye-safe laser range finder.

Saab is Northern Europe's leading high technology company and operates within the defense and aerospace areas and offers leading-edge products and systems built on sophisticated information technology. Its business areas are Infomatics, Aerospace, Dynamics, Technical Support & Services, Space and Aviation Services.
