## Lindner Capital Advisors Selects Angel Oak Multi Strategy Income Fund (ANGLX)

ATLANTA (October 5, 2011) Angel Oak Capital Advisors, LLC (Angel Oak) is pleased to announce that Lindner Capital Advisors, Inc., (LCA), a Registered Investment Advisory firm and third-party money manager for independent advisors, will add [Angel Oak Multi Strategy Income Fund \(ANGLX\)](#) to its portfolios. “We’re very pleased to be able to include this fixed income fund in our investment strategy,” said LCA Investment Committee Chairman, Scott Wetherington. “Angel Oak’s new fund aims to fill an important need in the marketplace.”

The fund aims to pay a high, stable dividend composed entirely of earned income. Investors looking for their financial assets to significantly supplement their income have been struggling to find sufficient investment sources in this low rate environment. “One of the main reasons for our selection of the Angel Oak mutual fund (ANGLX) was the attractiveness of the monthly, stable distribution,” said LCA CEO Robert Lindner. “Even though ANGLX has the target distribution at a higher level than other fixed income mutual funds, the interest rate sensitivity (duration) is lower in comparison to other funds in its category.”

The fund implements a relative value strategy and includes a very broad mandate on investable assets. “Currently, there is minimal opportunity for investors to access these types of higher yielding fixed income sectors (mortgage-backed securities, asset-backed securities, etc.) within the mutual fund marketplace,” said Brad Friedlander, managing partner and portfolio manager of Angel Oak Capital Advisors, LLC. “We believe this fund is timely, given the limited availability of similar funds and the continuing attractiveness of these types of fixed income assets.”

“The Fund invests across fixed rate and floating rate securities, in an effort to effectively manage the interest rate risk of the overall portfolio according to our current views on the market,” added Friedlander. The fund is now available on the TD Ameritrade, Charles Schwab, and Fidelity platforms

in addition to Morgan Keegan and Southwest Securities. For more information on how to purchase the fund, please contact investor relations, [www.angeloakmutualfunds.com](http://www.angeloakmutualfunds.com)
