TeliaSonera to bring iPhone 3G to Latvia and Lithuania on September 26

TeliaSonera and its subsidiaries LMT and Omnitel today announced it will bring iPhone 3G to Latvia and Lithuania on September 26.

"This represents another strategic step for us in the development of the mobile broadband market and further strengthens our position in the Nordic and Baltic region," said Kenneth Karlberg, president, Business Area Mobility Service, TeliaSonera. "Following the successful launch of iPhone 3G in the Nordic countries and in Estonia, we are happy to offer iPhone 3G to our customers in Latvia and Lithuania."

Forward-Looking Statements

Statements made in the press release relating to future status or circumstances, including future performance and other trend projections are forward-looking statements. By their nature, forward-looking statements involve risk and uncertainty because they relate to events and depend on circumstances that will occur in the future. There can be no assurance that actual results will not differ materially from those expressed or implied by these forward-looking statements due to many factors, many of which are outside the control of TeliaSonera.

TeliaSonera provides telecommunication services in the Nordic and Baltic countries, in Spain and the emerging markets of Eurasia, including Russia and Turkey. We are the leading European provider of quality cross-border voice, IP and capacity services, provided through our wholly-owned international carrier network. In 2007, TeliaSonera's net sales amounted to SEK 96 billion, and at the end of December 2007 the total number of subscriptions exceeded 114 million in 18 countries. The TeliaSonera share is listed on the Stockholm Stock Exchange and the Helsinki Stock Exchange. Simplicity and service are important tools for us in creating profitable growth and value for our customers and shareholders. Read more at www.teliasonera.com
