*Scandinavian Clinical Nutrition i Sverige AB (publ) works in R&D and distribution of clinically tested, scientifically documented products within the field of nutrition (nutraceuticals). Established in 2006, SCN maintains a product portfolio with established trademarks, such as thin400, CUUR, Coldizin, Immulina, Membra7 and Ledactin. Core competence and strategic alliances, within both R&D and sales, in combination with innovative and clinically proven products, create good conditions for profitable growth both in Sweden and internationally. The shares of SCN are traded under the ticker "SCN" on Oslo Axess ([www.osloaxess.no](http://www.osloaxess.no)) and NGM Equity ([www.ngm.se](http://www.ngm.se)).
