

Ludvig Svensson choose ComActivity as supplier of a new Business System

Ludvig Svensson, a world-leading manufacturer of textiles for climate control and interior design in Sweden with operations in the Netherlands and Estonia to name just a few, has after a thorough evaluation chosen ComActivity as supplier of our new Business Solution.

"While Ludvig Svensson grows we prepare to meet the ever-increasing demands as they arise. We need to move forward and bring the company to a new level and take on the challenges that follow ahead. Winning new customers means that being more effective in the way we plan, providing a better service to the customer and at the same time keeping costs to a minimum."

Anders Ludvigson, Vice President of Ludvig Svensson who is also C.e.o in charge of the purchase, says ComActivity will help us to achieve this goal and we expect a quick return in a short period of time.

"By utilizing modern technology, ComActivity has demonstrated their ability to design a business solution by not only meeting our highly qualified functional requirements, they also provide usability, business-responsive and flexibility beyond what we have previously experienced".

Anders Ludvigson continues to say "The possibility for every user to graphically overview and Process the workflows, gives us easy and instant access to information in combination with the rapid optimization of user dialogue these are some of the factors behind our choice of supplier."

"It is a highly demanding solution that is required and we are obviously both proud and delighted to be trusted with this project" ascertains Peter Björkman, Founder of ComActivity, and continues: "We regard this as another confirmation that leading companies are investing in solutions that puts their business and needs in focus"

The whole solution, price less than 10 MSEK, will be in production at Ludvig Svensson by autumn 2008.
