

PRESS RELEASE

September 21, 2009

Regarding temporary trading halt in Skanditek and Bure

For a period of time we have held discussions between the companies regarding a potential business combination. No decisions have been taken and it is too premature to say if these discussions will lead to a transaction. We will inform the market and other stakeholders as soon as any decisions have been taken, or if it becomes evident that the discussions will be terminated without further actions
