## Halmstad Fastighets AB renews agreement with Thalamus

**Swedish municipal housing cooperation Halmstads Fastighets AB, HFAB, recently renewed and extended their engagement with Thalamus Networks. The new agreement includes a total of 3 155 apartments and is valid until 2004.**

Thalamus is the first actor that has qualified as a long term partner in the short history of broadband.

"We are very proud of the fact that our customers give us their continued and extended trust to supply our services", says Jan Tideliuss, CEO of Thalamus Networks.

HFAB has offered their residents Internet by broadband since December 1999.

"This last year has proven that HFAB's high demands on quality and security has been fulfilled by Thalamus", says Dan Stenberg, deputy manager of HFAB. "This is consequently a natural next step for us to take."

**Thalamus Networks AB ([www.thalamus.se](http://www.thalamus.se))** is the only operator that can offer a complete portfolio of services for intelligent living. Apart from Internet access, Thalamus also offers energy management, information, media and telephony. Thalamus® is provided over optical fibre, cable-TV and Ethernet (LAN). Thalamus Networks is listed on the OM Stockholm Stock Exchange's O-list. The Company built Sweden's first commercial high speed property net, combined with control and communications services for landlords. The Company is expanding rapidly and has offices in Ängelholm, Malmö, Halmstad, Gothenburg and Stockholm. Thalamus Networks' sales are approximately 40 MSEK a year with 40 employees.
