Proposed resolutions

Chairman of the meeting, item 1

The Nomination Committee proposes that attorney Erik Nerpin be elected Chairman of the meeting.

Disposition of the Company's profits or losses, item 8 b

The Board proposes that no dividend should be paid out for fiscal year 2008/2009.

Election of Board Members and remuneration etc., items 9-11

The Nomination Committee proposes the re-election of current directors Anders Essen-Möller, Lars Jonsson, Sam Lindgren and Henrik Bonde, and the election of Maria-Teresa Essen-Möller. The Committee proposes the re-election of Anders Essen-Möller as Chairman of the Board.

Maria-Teresa Essen-Möller, b. 1970, is a brand and market strategy consultant who has also done work with Diamyd Medical AB and Elekta AB. She has a Master's degree in Economics from Linköping University.

The proposed Board Members' remuneration is SEK 100,000 for each of the Board Members who are not employed at the Company, totaling SEK 400,000. (The Chairman of the Board is a Company employee.) Remuneration includes work on Board committees. It is proposed that the auditors should receive remuneration according to an approved account.

The Nomination Committee may add to its proposal of Board of Directors by an additional Director, in which case the remuneration to the Board of Directors would be raised accordingly. Any proposed augmentation of the Board will be publicized through a press release.

Guidelines for compensation of senior executives, item 12

The Board proposes that the shareholders' meeting's resolved guidelines for remuneration to the CEO and other senior executives should be primarily the same as the guidelines that were approved at the 2008 Annual General Meeting. The main import of the guidelines is that the total compensation is according to market conditions and is a mix of salary, pension benefits or other benefits as well as terms for notice; however no bonus shall be paid according to the currently proposed guidelines. It shall be permissible to deviate from the guidelines if there are special reasons to do so in particular cases.

Resolution on the Nomination Committee for 2010, item 13

The Nomination Committee proposes the designation of the Nomination Committee for the 2010 Annual General Meeting in essentially the same way that was approved for the 2009 Annual General Meeting, i.e. as follows. The Nomination Committee shall be composed of representatives of the three largest shareholders in the Company in terms of the number of votes and the Chairman of the Board of Directors (issuing the call). The identity of the members of the Nomination Committee must be made public no later than six months prior to the 2010 Annual General Meeting. If the ownership structure changes substantially before the Nomination Committee's work is complete, the composition of the Nomination Committee may be changed. If a member leaves the Nomination Committee before its work is complete, the other members shall designate a replacement. The Nomination Committee will prepare proposals for the following decisions at the 2010 Annual General Meeting: (i) election of the Chairman of the Annual General Meeting, (ii) election of Board Members and the Chairman of the Board of Directors, (iii) Directors' remuneration, (iv) election of the Company's auditors, (v) payment of the Company's auditors, and (vi) rules for the nomination process for the 2011 Annual General Meeting.

Amendments to the Articles of Incorporation, item 14

The Board of Directors proposes the following amendments to the Articles of Incorporation.

- a). The Board of Directors proposes that the Company executes a 2:1 division (i.e. a split), meaning that each share is divided into two shares. As a result of the split, the number of shares will double but the share

capital will remain unchanged. The proposal means an amendment to section 6 of the Articles of Incorporation where it concerns the number of Company shares that will be amended to a minimum of 18 million and a maximum of 72 million. After the entire recently completed new share issue is recorded, there will be 28,627,126 shares, consisting of 1,437,876 Series A shares and 27,189,250 Series B shares.

b). The Board of Directors proposes that section 10 of the Articles of Incorporation concerning the summons to the shareholders' meeting be adjusted to the new regulations expected to come into force in 2010. The proposal is conditional upon the introduction of these regulations. The proposal means that (i) the summons must be advertised on the Company's website and in the newspaper Post- och Inrikes Tidningar, and that notification that a summons has been issued must be advertised in the newspaper Svenska Dagbladet, and (ii) that a summons to an extra shareholders' meeting must be issued at least three and no earlier than six weeks before the meeting.

c). The Board of Directors proposes that the provisions in section 11 concerning prior application to and right to attend shareholders' meeting be adjusted to the Companies Act.

Authorization of new share issues, item 15

In order to make it possible to acquire companies, businesses or individual commercial assets, as well as to raise capital, the Board of Directors proposes that the shareholders' meeting should authorize the Board to decide on new share issues of a maximum total of 10 percent of the number of shares on one or more occasions before the next Annual General Meeting, and that the Board may be able to deviate from the shareholders' preferential rights in doing so. Payment may be made in cash, through a contribution or by offsetting.

Resolution on option program, item 16

The Board of Directors proposes that the shareholders' meeting should approve an employee option program for Group employees. The option program shall consist of a maximum of 217,000 employee options. Each option shall entitle the bearer to acquire 1 Series B share at a price corresponding to 130 percent of the volume-weighted share price for Diamyd's Series B share on the NASDAQ OMX exchange on ten trading days after the Annual General Meeting. The employee options are to be assigned without compensation and are not transferable. The employee options shall have a duration of three years. It is proposed that Diamyd issue a total of 290,000 subscription warrants to a subsidiary to cover the Company's obligations toward the holders of the employee options, as well as its obligation to pay social security contributions on the gain when the employee options are exercised. The terms shall be adjusted to applicable legislation for employees in the US. The employee's salary level, experience and position at the Company shall be observed when allocating options. The purpose of the option program and the reason to deviate from the shareholders' preferential rights is to reinforce interest in the Group's business and to make the connection explicit between employment benefits and the Company's results. If all 290,000 subscription warrants are exercised to subscribe for new shares, the newly-subscribed shares will make up approximately 2 percent of the share capital.

Other information

For resolutions on items 14 and 15 to be valid, the resolution must be supported by shareholders representing at least two-thirds of both the reported votes and the shares represented at the meeting. For a resolution on item 16 to be valid, the resolution must be supported by shareholders representing at least nine-tenths of both the reported votes and the shares represented at the meeting.

At the time of the summons there are 14,291,986 shares, made up of 718,938 Series A shares (1 vote) and 13,573,048 Series B shares (1/10 of a vote). There are 2,076,242.8 votes. After registration of the remaining portion of the new share issue, there will be a total of 14,313,563 shares, made up of 718,938 Series A shares and 13,594,625 Series B shares. There will be a total of 2,078,400.5 votes.

The Company's annual accounts and audit report, and the Board and Nomination Committee's complete proposed resolutions, as well as other requisite documents and the proxy form, will be available at the Company's offices at the address above, as well as on the Company website www.diamyd.com, from November 27, 2009 at the latest. A copy will be sent to any shareholders who so request.
