

Press Release

Stockholm, February 26, 2001

Investor AB invests in Paratek Microwave, Inc.

Investor AB, via its wholly owned subsidiary Investor Growth Capital, is one of three investors in Paratek's third round of funding. The total funding is 24 MUSD and additional investors are Morgenthaler Ventures and JP Morgan Chase & Co.

Paratek is a privately held company that offers tunable solutions for wireless communications networks. Paratek has invented a revolutionary new class of ETRF™ (Electronically Tunable Radio Frequency) components, including tunable filters, phase shifters, oscillators and delay lines.
