

PRESS RELEASE - Söderköping, April 2010

New line of HTC floor equipment at Bauma 2010

During Bauma 2010 in Munich, HTC introduces Greyline™, a new product range of floor grinders, diamond tools and dust extractors.

HTC Greyline™ gives all companies new possibilities to own, use and to create business with HTC equipment. The range of grinders, diamond tooling and dust extractors, are very well suited for all construction, demolition and rental companies around the world.

During the Bauma show, the visitors at the HTC stand will be given the opportunity to grind and have a good look at all the possibilities HTC Greyline™ offer.

- Complete range of grinding equipment
- Very easy to use
- Developed for all construction, demolition and rental companies
- Offers new ways to do business with HTC equipment
- From HTC, the world market leader

About HTC Sweden AB

HTC Sweden is a fast growing company that was founded in 1987 by Håkan and Gunn Thysell. In 1992 HTC Sweden launched a patent pending system for grinding concrete. Today HTC is the market leader within diamond based concrete grinding. HTC has also developed unique floor solutions within polished concrete, e.g HTC Superfloor™ and recently the new diamond based cleaning system TWISTER was launched internationally. The head office along with production and product development is located in Söderköping. Subsidiaries operate in USA, Germany, England and France. 3i group are minority owners in HTC since August 2006. 3i is a world leader in private equity and venture capital and focuses on investing minority stakes in high growth companies expanding organically or through acquisition.
