PRESS RELEASE: Everton's Greatest Season Released on DVD

For Immediate Issue

The 2009/10 season marks the 25th anniversary of Everton's greatest achievement in football; League Champions, European Cup-Winners' Cup Winners, FA Cup Finalists, and Charity Shield Winners...the list reads like an Evertonian's dream. But this was no fantasy, this was the culmination of a fantastic season in which Howard Kendall built on the success of the 1984 FA Cup win and took the club to another level. Now released as a brand new DVD, fans will have the opportunity to witness the historic campaign unfold in Everton's Greatest Season - 1984/85 Season Review.

Everton's 1984/85 centre forward Graeme Sharp will be appearing at the official Everton Store at Liverpool One, on Tuesday 20th April from 4pm-5pm to sign copies of the 1984/85 Season Review DVD, providing fans with an opportunity to secure a valuable piece of memorabilia.

This was the year that Everton truly dominated; Kendall was named Manager of the Year, Neville Southall Footballer of the Year, Peter Reid PFA Player of the Year, and Everton European Team of the Year. The School of Science was back...and in some style! Much of the football was world-class and famous wins against Liverpool, Manchester United and, of course, Bayern Munich are still revered today.

The DVD features new and exclusive interviews with members of the legendary Everton squad, along with rare match action, the programme is true gem for Evertonian's who know their history.

Fans will enjoy once again the sight of Sharp and Gray terrorising opposition defences, Reid and Bracewell dominating the middle of the park, Southall proving unbeatable, Ratcliffe leading from the back and Sheedy and Steven providing quality from the flanks.

The 1984/85 was, quite simply, Everton's greatest ever season and now this historic achievement is preserved for fans to treasure on DVD time and time again.

==Ends==
