### **About Orc Software**

Orc Software is the leading global provider of technology and services for advanced trading in financial instruments. Orc's competitive edge lies in its depth of knowledge of the trading world, gained by deploying sophisticated trading solutions for over 20 years.

Orc Trading and Orc Connect provide the tools for making the best trading and connectivity decisions with strong analytics, unmatched market access, high performance derivatives trading capabilities, automated trading strategies and execution, ultra-low latency and risk management.

Through the acquisition of Neonet, Orc also delivers neutral, high speed brokerage services to professional market participants, with clients in over 20 countries globally. With subsidiary CameronTec, Orc is the leading provider of FIX infrastructure and low latency connectivity.

Orc's customers include leading banks, trading and market-making firms, exchanges, brokerage houses, institutional investors and hedge funds.

Orc provides sales and quality support services from its offices across EMEA, Americas and Asia Pacific.

Orc Software is listed on NASDAQ OMX Stockholm (SSE: ORC).
