Casbah Spa Gets Clinical

Casbah to Host Champagne Celebration to Launch Clinical Menu and Introduce Board Certified Plastic Surgeon Dr. Tracey H. Stokes, MD

What: Holiday shape up is now in session thanks to the launch of Ft. Lauderdale's newest fountain of eternal youth. Casbah Spa and Salon promises to "inject" some fun into this holiday season with the launch of their new clinical menu which includes the latest cosmetic enhancements including: Botox; Juvederm; Latisse; sclerotherapy; laser hair removal; weight management; microdermabrasion; chemical peels; permanent makeup; and the latest in medical grade skin care.

Casbah is kicking off the launch in style with a champagne celebration featuring hors d'oeuvres by Capital Grille; introduction package offers; free Botox; giveaways including Latisse, a Neiman Marcus make up makeover; and spa services. Board Certified Plastic Surgeon Dr. Tracey H. Stokes, MD will provide guests with private complimentary consultations to answer questions and highlight the benefits of these innovative treatments.

"With our 10 year anniversary of the spa around the corner, we realized we are also 10 years older and want to turn back time, so we decided it was time to get clinical," said Tresa Hernandez and Nicole Maggio, owners of Casbah Spa. "Our partnership with Dr. Stokes, a graduate of Harvard, Cornell and Duke Universities, will allow us to broaden our menu to accommodate all of our clients' needs with the highest quality of care."

To compliment this exciting event, Casbah is generously donating a percentage of its clinical menu proceeds to Women in Distress throughout the month of December.
