## AFFORDABLE & HASSLE-FREE

### **Boiler/heating breakdown cover that goes beyond your home insurance**

**London, 7 December 2010** – gas-elec, the leader in the field of gas and electrical safety, services, products and advice, has launched a boiler/heating breakdown plan for consumers that rival products currently available on the market.

“Our research showed that consumers are looking for boiler and heating breakdown cover that is quick to set up and easy to understand. Another key element is national coverage, which assures customers that should their boiler or heating break down, an engineer isn’t far away,” says John Davidson, managing director of the gas-elec group.

The heat-care Plan gives consumers the security of knowing that their boiler and its components have full breakdown cover for 12 months, backed and supported by a company that has been established since 1996. gas-elec has the experience of working in over a million homes in the UK.

“Homes and rented properties pay only £60 for cover. This makes it the most cost-effective product available on the market at the moment,” confirms John.

Key factors\* include unlimited calls to the call centre, the inclusion of parts and labour in the annual price should repairs be necessary and immediate cover for boilers serviced by gas-elec in the last four months.

John went on to say that “all gas-elec engineers are registered with Gas Safe Register, experienced, friendly and helpful. All their work is guaranteed.”

#### **Editor's Notes**

Founded in 1996, *gas-elec* carries out impartial safety inspections and light remedial works. Its unique inspection service provides the residential lettings market and homebuyers and sellers with multiple inspections of the gas and electrics in one visit. *gas-elec* has recently launched a number of new energy-saving products and services. These include the g-save Economiser, which reduces fuel bills by up to 31% and a consumer comparison website (*ge-switch*) that offers users the widest range of energy suppliers in order to compare their gas and electricity prices. *gas-elec* has over 130 franchisees operating from 18 regional offices, who this year will carry out more than 120,000 safety inspections in domestic properties throughout the UK. For more information visit [www.gas-elec.co.uk](http://www.gas-elec.co.uk).
