NOVESTRA – COMPANY PRESENTATION AND ANALYST MEETING ON DECEMBER 6, 2001

AB Novestra will hold a half-day combined company presentation and analyst meeting on Thursday December 6, 2001 at Operaterrassen in Stockholm starting at 8.00 a.m. up to and including lunch.

Apart from a general presentation of the company, three of Novestra's portfolio companies will present their businesses. In connection with and immediately following lunch, investors and analysts will be given an opportunity to put questions to the representatives of the portfolio companies and to Novestra's management.

"We have had a very positive development in most of our portfolio companies and we look forward to be able to present some of them in more detail. A number of our portfolio companies have revenues exceeding MSEK 100 and some of them have increased their revenues and result by 80 – 100 percent over the past year in spite of deteriorating market conditions.

Most of the companies are now in a post-venture or expansion phase with nonexisting or limited capital needs. It is primarily in the post-venture phase where the greater part of our future investments will be made and this is one of the issues to be discussed at the presentation on December 6," says Novestra's chairman, Theodor Dalenson.
