Export contracts worth SEK 55 million to Saab Barracuda AB

Saab Barracuda AB has been awarded substantial contracts for multispectral camouflage systems: MultiSpectral Ultra Light Camouflage Screen (BMS-ULCAS) and Personal Camouflage and Special Operations Tactical Suit (SOTACS).

The delivery will take place during 2002.

The Barracuda Multispectral Camouflage Systems include advanced products with very good capabilities within the thermal, radar, near infrared and visual wavelength areas. Soldiers, as well as vehicles, get optimal protection against reconnaissance and hit, and also increased survivability.

Saab Barracuda AB in Gamleby is a company within the Saab group. Saab Barracuda AB develops, produces and markets signature management products and services for protection against detection and identification. The company, with subsidiaries in four countries, customers and representation in 50 countries, is the world leader within its field.

Saab AB is one of the world's leading high-technology companies, with its main operations focusing on defence, aviation and space. The group covers a broad spectrum of competence and capability in systems integration.
