

## Enea and Statskontoret Sign General Agreement

**Enea Business Software AB reaches agreement with Statskontoret (The Swedish Agency for Public Management) for IT-services 2001. The agreement is valid in two years and will be in effect the first of January 2002. Authorities included are AMS, Naturvårdsverket, RPS, RSV, Valmyndigheten and SCB.**

Enea Business Software can by this increase the presence in the public sector. The agreement concerns IT-services in the field of Business Modelling and IT-Strategy and in the field of Software development and Software Administration.

– The agreement gives us increasing possibilities to fortify our position in the public sector, says President, Juha Juslin.

Enea Business Software has a long experience in developing software for the health care sector, for authorities and the entire public sector. Enea Business Software offers solutions in the form of projects with full responsibility for the result or strengthen the customers IT- competence.
