

## **Agreement to acquire companies within ATMG cancelled**

**The agreement to acquire MapMedia and InfoStation from ATMG, which was announced in December, will not be implemented.**

The agreement to acquire the companies was made by a newly-formed company in which Bure's ownership is 51 per cent. The acquisition was subject to the approval by ATMG's Annual General Meeting on 18 January 2002.

Due to a new share issue guaranteed by the major owners in ATMG, the Board of Directors of ATMG no longer recommends an agreement to acquire the companies. As a result it is anticipated that the AGM will not approve the deal. Against this background, the stakeholders in the company formed to carry out the acquisition (Bure, ATMG, Christer Johansson and GP-Ventures) and ATMG have mutually agreed to cancel the agreement.

Gothenburg, 10 January 2002

**Bure Equity AB (publ)**
