

Broström is one of the leading logistics companies for the oil and chemical industry, focusing on industrial product and chemical tanker shipping and marine services. Broström is based all over the world and operates within two areas: Shipping and Marine & Logistics Services. Broström's head office is located in Göteborg, Sweden.

Press Release

THE BROSTRÖM SHARE QUOTED ON THE ATTRACT40 LIST

As from today the Broström share is quoted on the Attract40 list of the Stockholm Stock Exchange. After the increased trading in the share during the last six-month period and the increased free float, the company fulfils the criteria for quotation on the Attract40 list of the Stockholm Stock Exchange.

"The quotation of our share on the Attract40 announces to the share market that the trading in the Broström share is liquid, which has been our aim since long. Our free float has increased to more than 70 per cent after Royal Vopak's sale of its total shareholding in Broström earlier this year. This has contributed to an increased trade in the share, which in the long run favours all shareholders", comments Lennart Simonsson, CEO of Broström.
