PartnerTech and Precise Biometrics in extended cooperation

PartnerTech and Precise Biometrics have commenced extended cooperation for the development and manufacture of a number of Precise Biometrics' new products.

"Naturally, we are extremely pleased about this extended cooperation with Precise Biometrics. This agreement means that we will have increased volume from Precise Biometrics and it demonstrates that our conscientious quality efforts are appreciated by our customers," says Mikael Jonson, PartnerTech's President.

Precise Biometrics is an innovative security company, which supplies world-leading systems for authentication using fingerprints. The company's solutions replace keys, PIN codes and passwords. Read more about this at www.precisebiometrics.com.

PartnerTech AB develops and manufactures electronic products on behalf of leading growth companies, primarily in the telecom infrastructure, IT/mechatronics and medical technology market segments. The company has approximately 1,150 employees in Sweden and abroad and is listed on the O-List of Stockholmsbörsen. Read more at www.partnertech.se.
